ABOUT US

First Tek is a leading provider of IT services and the recognized leader in Information Technology and Communications staffing. First Tek offers a full range of comprehensive **IT services**, including **technology deployment services** and **enterprise support services**. We help organizations design, install, deploy and run their IT, communications and network systems by **providing services** and the best **IT consultants available**.

We have the experience and resources to provide organizations with the best personnel to supplement your IT work force. Our highly experienced recruiters find qualified candidates quickly through state-of-the-art business practices. Networking and relationship building, proactive Internet mining, internal referrals and constant refining of our database inventory give us the ability to respond to our client needs rapidly and effectively.

STAFFING SERVICES

Our people have the knowledge, dedication and excellence to keep your business on track. We have the right people with right skills so you can get on with business.

Clients with excess work loads or special projects hire First Tek’s consultants to work on an “as needed” or contract basis, for short or long terms. First Tek can provide specialists proficient in nearly every IT discipline and experience level, when and where you need them. Our consultants are thoroughly screened to fit your technology profile and corporate culture before they are ever submitted, saving you time and bringing the search process to closure quickly.

TEAM SERVICES

Our teams will make it easier to accomplish your technology and business goals.

When your projects require more than one professional, our Team Services allows you to specify requirements for all team members as a single assignment.

We will provide the precise mix of skills, experience and the personalities it takes to successfully complete a project. As the single source provider, we promise rate consistency and process efficiency, ultimately delivering to you the perfect team.

PROJECT SERVICES

Our proven ability to manage turnkey technology projects allow you to rest assured that you’ll get the results you need.

We are experts in managing resources, logistics, and tools to implement technology in many areas of IT. Once your strategy has been defined and you begin planning implementation, you can turn to us to handle all aspects of completing

projects and support in managing the resources that are central to your infrastructure and technology portfolio like software development, support, deployments and training. Our project managers and team members are the finest and most qualified people available.

We understand that when you turn to us, you're doing more than simply delegating work: you're entrusting us with a piece of your company's future.

CLIENT-REFERRED PERSONNEL SERVICES

If customers require the expertise of specific individuals on a temporary basis, you can refer them to First Tek (referred to as pay rolling or pass-thru). We can supply these individuals as our contract employees, and if you desire, they can be converted to direct staff members at any time with no additional fee.

CONTRACT-TO-DIRECT HIRES (RIGHT-TO-HIRE)

When hiring a candidate for a full-time position, you want to ensure that you've chosen the right person for the job. Through First Tek, you can initially hire a promising candidate as a contract employee. If the individual performs well and you are completely satisfied, he or she can then be offered a direct position after an agreed upon period.

DIRECT HIRES

First Tek can help customers find qualified personnel for direct placement using our direct placement services. Our recruiting process keeps us up-to-date on the employment status and job requirements of tens of thousands of IT specialists, enabling us to become in effect a rapid-response extension of your human resources department.

PROJECT MANAGEMENT

For clients who need projects outsourced, First Tek provides complete project management services. We have a proven track record of delivering high-quality results on-time and on-budget. First Tek leverages its senior technology experts together with its outstanding recruiting organization and works with you to meet all of your objectives.

TRAINING SERVICES

First Tek provides Instructor-Led Training (ILT) in support of our customers' information technology. Tailored specifically toward technical changes made within an organization, First Tek's training curriculums are centered on leading edge products and services with a focus on employee performance improvement through effective and measurable transfer of knowledge.

“FIRST TEK HAS CONSISTENTLY COME THROUGH FOR US, ESPECIALLY ON SHORT NOTICE. THEY HAVE REALLY ADDED A NEW DIMENSION TO THE TIMELINESS AND QUALITY OF SERVICE WE ARE ABLE TO PROVIDE OUR CLIENTS.”
